

There are about 7 product details mentioned in the document they are as follows

A77A-65590689-A01, A99A-801AY6-A02, B55B-48UM39-B21, DD-33-MSD\_100, MM-55-WWG\_200, PP-44-STAUFF\_100 and MM-11-FNL\_100. The below draft has a description of each mentioned below.

**A77A-65590689-A01** :3M Earplug Pair Pack (Manufacturer Part Number: 29008), a top-tier solution for safeguarding your hearing in various high-noise environments. Manufactured by the renowned brand 3M, and bearing the sub-brand 3M(TM), these uncorded earplugs are a stellar choice for hearing protection. Packaged conveniently in a plastic bag, they offer comfort and effectiveness with their bullet-shaped design made from soft foam. Achieving an impressive Noise Reduction Rating (NRR) of 29 dB, these earplugs effectively reduce noise exposure. With electrically insulated properties, they're suitable for a wide range of applications where protection against electrical hazards is paramount. Compliant with ANSI/ASA S12.71-2018 standards, they guarantee reliability and effectiveness. Plus, their vibrant orange color ensures easy visibility. These earplugs are part of the esteemed 3M 1100 Series, known for its quality and performance. Designed for disposable use, they come at an affordable price of just \$41.44 for a pack of 200, making them a cost-effective choice for hearing protection. Whether you're working in a noisy industrial setting, attending a loud event, or simply seeking tranquility, trust the 3M Earplug Pair Pack (Manufacturer Part Number: 29008) to keep your hearing safe and sound.

**A99A-801AY6-A02** :3M Uncorded Earplugs (MSC Part No. 08353138), your ultimate choice for hearing protection in high-noise environments. Manufactured by the trusted brand 3M, these earplugs are designed for comfort and effectiveness. With an exceptional Noise Reduction Rating (NRR) of 33.00 dB, they provide superior noise reduction to safeguard your hearing. The roll-down insertion method makes them easy to use, and their bullet-shaped design ensures a snug fit. These earplugs come in a vibrant yellow color, offering high visibility for added safety. Crafted from soft foam, they offer optimum comfort during prolonged wear. These earplugs are reusable, making them a cost-effective and eco-friendly choice. With a product service code of 4240, they meet industry standards. Packed conveniently with 200 earplugs per pack, these 3M earplugs are available at an attractive price of \$54.40. Whether you're working in a noisy industrial setting, construction site, or any environment with loud noises, trust the 3M Uncorded Earplugs (MSC Part No. 08353138) to keep your hearing safe and sound.

**B55B-48UM39-B21** : 3M Uncorded Disposable Earplugs, a highly effective and comfortable solution for safeguarding your hearing in noisy environments. Crafted by the reputable manufacturer 3M, these earplugs offer an impressive Noise Reduction Rating (NRR) of 29 dB, making them ideal for various high-noise settings. Their roll-down insertion method ensures easy and effective placement, meeting CSA Class AL standards for reliability. With their vibrant orange color, bullet-shaped design, and soft foam material, these earplugs provide both comfort and visibility during extended wear. They come in a convenient pack of 200 earplugs at an affordable price of \$52, making them a practical choice for hearing protection in industrial settings, events, or any noisy environment. Trust 3M to keep your hearing safe and sound.

**DD-33-MSC\_100** : The Product type is Disposable Gloves: Size X-Large, 5.00 mil, Nitrile, Industrial Grade, Unpowdered, 9-1/2" Long, FDA Approved. The Manufacturer is PRO-SAFE. The Primary Material is Nitrile. The Powdered is No. The Grade is Industrial. The Thickness(mil) is 5.00. The Finish is Textured. The Color is Black. The Fda Approved is Yes. The Glove Size is X-Large. The Hand is Ambidextrous. The Static Dissipative is No. The Sterility is Non-Sterile. The Thickness Range is 5 mil - 6.9 mil. The Length (Inch) is 9-1/2.

**MM-55-WWG\_200**: The Product type is Disposable Gloves: Gen Purpose/Medical-Grade, XL ( 10 ), 4 mil, Powder-Free, Nitrile, 100 PK. The Manufacturer is CONDOR. The Brand is CONDOR. The Acceptable Quality Level (AQL) is 1.5. The Color is Black. The Silicone-Free is No. The Standards is FDA 21 CFR 177-2600; FDA 510K. The Latex-Free is Yes. The Powdered/Powder-Free is Powder-Free. The Palm Thickness is 3.5 mil. The Manufacturer Part Number is 48UM39. The Finger Thickness is 4.5 mil. The Disposable Glove Type is General Purpose; Medical-Grade. The Interior Type is Powder-Free. The Length is 9-1/2 in. The Material is Nitrile. The Size is S. The Size- Numeric is 7. The Tested for Chemotherapy Drugs is No. The Tested for Fentanyl Protection is No. The Texture is Grain. The Texture Location is Fingertips. The UNSPSC is 46181504. The Country of Origin is Malaysia (subject to change). Describe the product: This product is a medical-grade, latex-free, nitrile glove.
